Documentation Notes

INTRODUCTION TO SKANSKA ELECTRONIC PREQUALIFICATION

Invititation to Prequalify

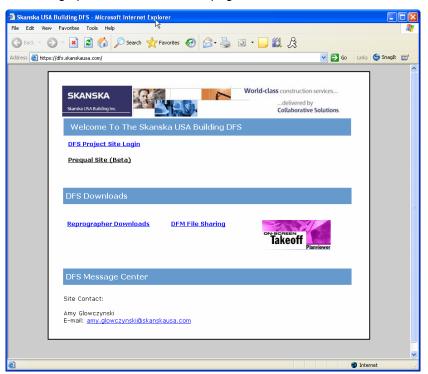

Skanska will send an email or fax to the primary party responsible for prequalification at your company indicating instructions with a login and password for the Prequalification Application.

There will be one email address used per company, it is thereby important to make note of the primary contact responsible for this task and their email address.

Navigating to the Prequalification Site

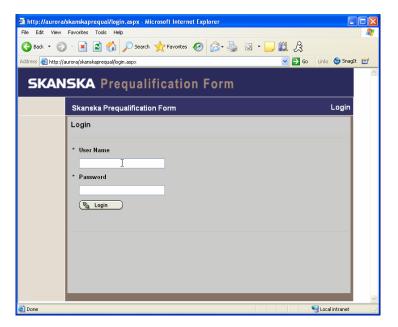

Skanska has setup a launch page for plan room and prequalification access. Use the following instructions to navigate to the prequalification application.

- 1. Open Internet Explorer and navigate to https://dfs.skanskausa.com/
- 2. This will bring up the **Skanska** launch page.

3. Click on the link **Prequal Site**. The **Skanska Prequalification** application will launch.

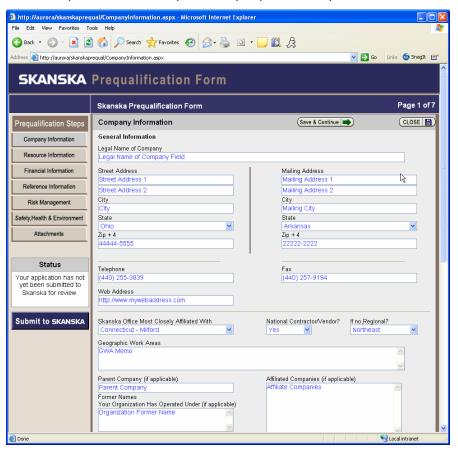

4. Login with the username and password provided to you by Skanska.

5. You will be presented with step 1 of the prequalification process.

Prequalification Process

The Prequalification Process has been broken down into 8 steps. These steps relate to the different information areas Skanska requires in order to qualify a sub contractor for project work.

Any one of these areas can be filled out and saved so you can come back at a later time to finish. You must finish at lease one page in order to save and close.

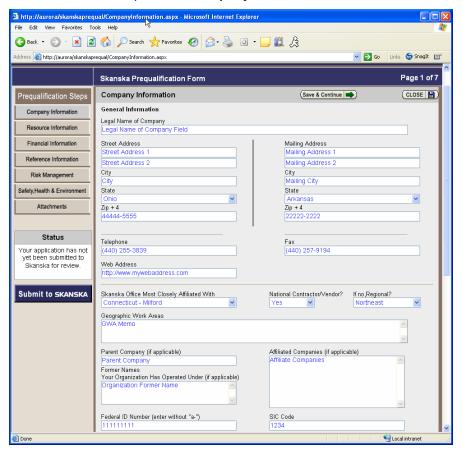

Once all of the areas are filled in correctly and the **Submit to Skanska** button is pressed Skanska will begin reviewing your information and notify you for prequalification.

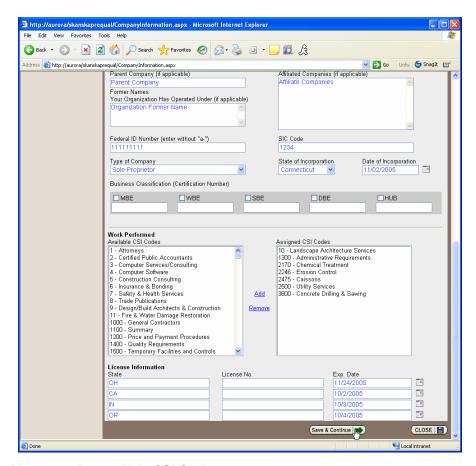

If for any reason you need to log back in and change your information, your prequalification will need to be re-submitted and reviewed.

Follow the instructions below for each area.

Company Information

1. Fill in and correct and pertinent **Company Information**.

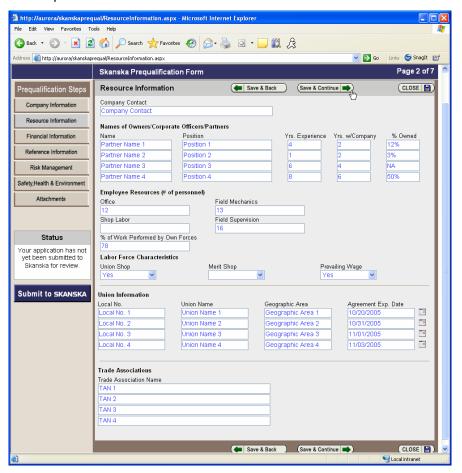

- 2. You can select multiple CSI Codes.
- 3. Click Save & Continue to move onto the Resource Information section.

Resource Information

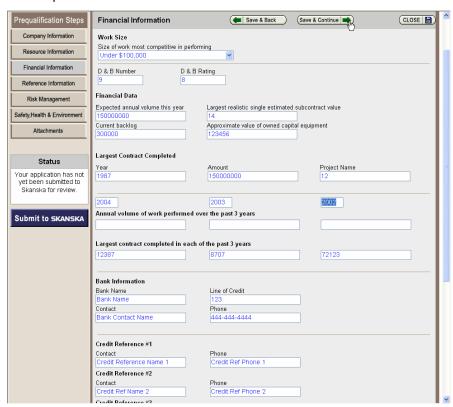

1. Fill in all pertinent Resource Information.

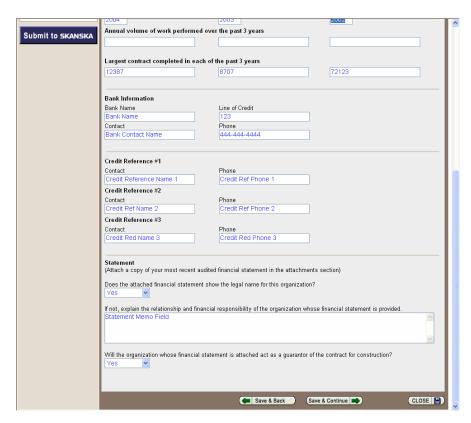

- 2. Click Save & Back to go back to the Company Information screen.
- 3. Click Save & Continue to move onto the Financial Information section.

Financial Information

1. Fill in all pertinent Financial Information.

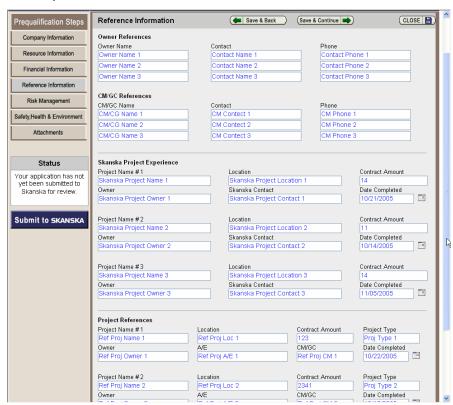

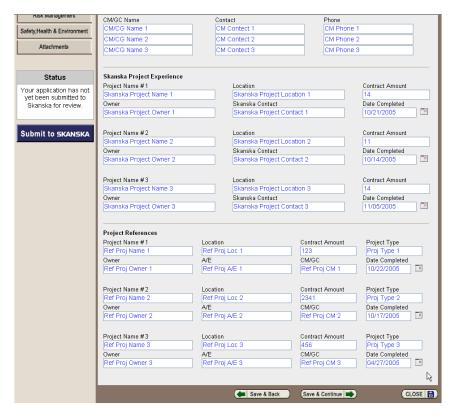

- 2. Click Save & Back to return to the Resource Information screen.
- 3. Click Save & Continue to move onto the Reference Information screen.

Reference Information

1. Fill in all pertinent Reference Information.

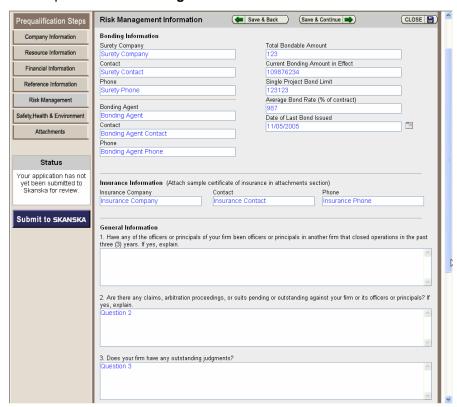

- 2. Click Save & Back to return to the Financial Information section.
- 3. Click Save & Continue to move onto the Risk Information section.

Risk Management

1. Fill in all pertinent Risk Management information.

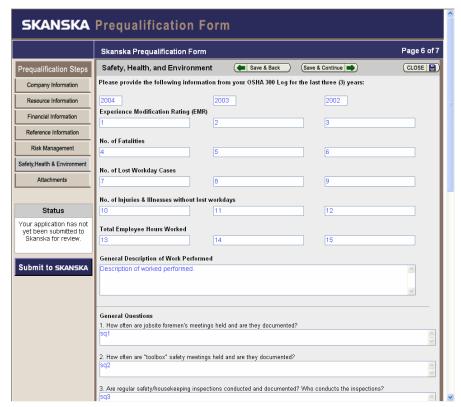

- 2. Click Save & Back to return to the Reference Information section.
- 3. Click Save & Continue to move onto the Safety, Health, & Environment section.

Safety, Health & Environment

1. Fill in all pertinent **Safety, Health, and Environment** information.

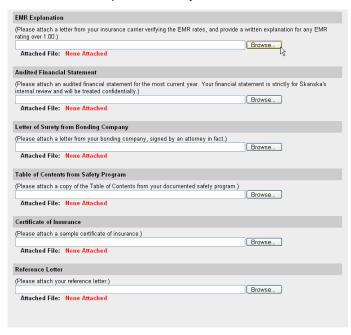

- 2. Click Save & Back to return to the Risk Management section.
- 3. Click Save & Continue to move onto the Attachments section.

Attachments

1. Click **Browse** to attach the pertinent **Required Attachments**.

2. Browse to find the file. It should be in PDF format.

- 3. Attach all remaining files
- 4. Click the Save & Update button to upload the files.

5. Your file has now been uploaded and attached. You can click the **delete** button to un-attach the document.

Submit to Skanska for Review

Once all field and attachments have been made, you are now ready to submit your electronic prequalification to Skanska for approval.

 To submit the prequalification form to Skanska, click the Submit to SKANSKA button.

2. The system will present you with a thank you screen.
